Vadim Ostrovsky attended the University of Queensland, Australia with the Rotary Peace Fellow Class IV, in 2006-2007. He completed his internship with the United Nations Development Program in Cairo, Egypt. He also managed, on a volunteer basis, a non-profit project, ClickUkraine, that focused on establishing computer labs and providing basic computer literacy in Ukrainian Foster Homes. Vadim will share his experiences with the Peace Fellow program, the path his life has taken and his desire to give back.

Each year, the Rotary Foundation selects up to 100 professionals from around the world to receive fellowships to study at one of seven peace centers around the world. We are lucky to have Vadim Ostrovsky close by - living and working in Richmond, VA.
